Vivente 150

Vivente is the latest innovation in electric flames from Dimplex Fires. With a choice of different widths, namely 75, 100 and 150 cm, this fireplace is sized to suit a variety of applications, from small apartments to grand public areas. The clever design enables the choice of creating a 1, 2, or 3-sided configuration when the product is being installed. The anti-reflection glass ensures that you can watch the stunning fire image optimally. Thanks to the Revillusion fire effect, the Vivente looks twice as deep as traditional electric fireplaces and it seems as if the flames are burning in the middle of the fireplace. This also allows the firebox lining to be changed to suit your interior design theme.

- Includes 4 back panels: ribbed (slats), tiles, stone and solid black
- SmartSense motion detection
- Heating
- Sound of a crackling fire
